The Activity Directing certificate provides the educational content required to lead an activity department in long-term care facilities in the State of Ohio. For students wanting to pursue national certification, the certificate provides the 90-hour basic modular education program required by the National Certification Council for Activity Professionals (please view the NCCAP website for all the needed national certification requirements).

For individuals who do not seek to head an activity department or are seeking national certification, this coursework will provide an understanding of professional activity work. All required courses are offered online and include the requirement of a 45-hour (per course) practicum placement at an agency that engages in professional activity work.
