This one-year certificate program prepares the graduate to provide direct basic nursing care as a practical nurse under the supervision of a registered nurse, licensed physician, dentist, optometrist, or podiatrist.

The curriculum integrates classroom, campus laboratory, and clinical instruction for skills that the practical nurse performs to contribute to the nursing care of patients. Supervised clinical experiences are scheduled in a variety of healthcare settings. The student must demonstrate technical knowledge, manual dexterity, interpersonal skills, caring behavior, and commitment to professional ethics.

The program is approved by the Ohio Board of Nursing (OBN), 8995 East Main Street, Reynoldsburg, Ohio 43068, (614) 466-3947, <https://nursing.ohio.gov/>; or email: Education@Nursing.Ohio.gov. The graduate is eligible to take the national licensing exam for Practical Nurses (NCLEX-PN). Graduates are then encouraged to continue their education through articulation into the Associate Degree Nursing Program.

Applicants must be 18 years of age or older before entering the first practical nursing clinical course. Some students may choose to extend their course of study beyond the usual one-year plan due to academic deficiencies, employment commitments, or personal choice. If a student extends their course of study beyond the one-year time frame, the student is responsible for notifying the Nursing office. The student is expected to complete the practical nursing clinical coursework within two years of beginning the first semester of the Practical Nursing Program.

To be eligible for a Practical Nurse Certificate, a student must have received a grade of "C" or better in all required coursework.

## Program Learning Outcomes

Upon completion, the student will be able to:

1. Integrate knowledge from the physical, psychosocial and nursing sciences to implement basic nursing care for individuals across the life-span.
2. Apply principles of caring behavior with patients, patient's families, members of the health care team, and peers.
3. Integrate concepts of health maintenance and promotion activities as individualized for patients by members of the health care team as identified in the plan of care.
4. Contribute to the nursing process when caring for patients experiencing common health problems.
5. Perform basic nursing care skills safely by adhering to scientific principles in accordance with evidence-based practice.

6. Demonstrate accountability for managing the basic nursing care for a group of patients as a member of the health care team.
7. Adhere to the legal and ethical standards of practical nursing.

### Admission or Reentry for Advanced Clinical Placement in Practical Nursing

Students who seek acceptance into the Practical Nursing program must meet all admission requirements. Students who have withdrawn in good standing from the practical nursing clinical course sequence may request readmission within one year as space is available. Remedial study may be required. Requests for readmission will be evaluated on an individual basis.

Transfer students with college credit for potentially equivalent courses should submit course syllabi and materials for equivalency evaluation. Advanced placement may be granted if courses are equivalent and were completed within the accepted time frame.

Students in the Associate Degree Nursing (ADN) Program who seek a major change to the Practical Nursing (PN) program will be considered before transfer students. Advanced standing into the PN program may be awarded to Rhodes State College ADN students that have successfully completed at least the first nursing clinical course of the ADN academic plan. ADN students must successfully complete the PN program curriculum and any associated coursework to receive a certificate of completion. Students may then elect to re-enter the ADN program through the LPN to ADN Transition Program. All qualifications must be met.

Pursuant to the Ohio Revised Code 4723 and rule 4723-5-12 of the Ohio Administrative Code, students who reenter or are readmitted to an Ohio school of nursing must "meet the curriculum requirements effective at the time of readmission."

Science and applied general/basic education courses will be evaluated on an individual basis to determine equivalency.

### Technical Standards

See here for details.

Pre-requisite Semester		Hours
BHS 2120	Introduction to Nursing	2
BIO 1000	Basic Human Structure and Function (or BIO 1110 & BIO 1120)	3
BHS 2110	Growth and Development: Lifespan	2
<b>Term Hours</b>		<b>7</b>

### First Year

#### Fall

COM 1110	English Composition	3
PNS 1200	Foundations of Practical Nursing	6
SOC 1010	Sociology	3
NSG 1721	Pharmacology for Nursing	2
<b>Term Hours</b>		<b>14</b>

#### Spring

PNS 1202	Adult Medical-Surgical Nursing	10
DTN 1220	Principles of Nutrition	2
<b>Term Hours</b>		<b>12</b>

**Second Year**

<b>Summer</b>		
PNS 1203	PN-Issues and Trends	1
PNS 1204	Maternal Child Nursing	5
<b>Term Hours</b>		<b>6</b>
<b>Total Hours</b>		<b>39</b>

## Acceptance into the Practical Nursing Certificate Program

Students must complete the Practical Nursing (PN) program acceptance requirements as well as the technical standards to be admitted into the PN program. Applicants who do not meet the qualifications should meet with an advisor in The Office of Advising and Counseling to plan a course of study.

### Acceptance Requirements

1. General college requirements (See General Admissions Procedures.)
2. Must be remediation free in math, English, reading, and science.
3. Complete the Pre-requisite practical nursing semester (see Certificate Plan of Study). BHS-2110 and BIO-1000 (or BIO 1120) must be successfully completed within five years and BHS-2120 within one year of program entry. The age requirement may be waived by the Program Administrator if the applicant is currently working in a healthcare field.
4. College GPA of 2.0 or higher.
5. Declaration of Practical Nursing as the major course of study.
6. Certificate of completion of state-approved nurse aide training course or equivalent.

### Additional Requirements upon acceptance into LPN Program

1. Evidence of sufficient physical and mental health to engage in the practice of nursing.
2. Current American Heart Association (AHA) (BLS Healthcare Provider) or American Safety & Health Institute (ASHI) with in-person hands-on CPR component.
3. Completed Health and Immunizations Form.
4. Criminal background check.
5. Drug screen.
6. Nursing Orientation.
